

R.I.P.

Kit for Mummies

GUARANTEED TO MAKE YOU REST IN PEACE!

Step 1: Fill a large cauldron (or bath) with bubbling water—bring to a temperature of precisely 212 degrees and creepily, crawl inside. Remove “Toxic Bomb” from kit. Drop bomb into the water—and repeat the words of this spell “Bubble, Bubble, Toil & Trouble”. Inhale all fumes emitting from the Toxic Bomb. Then, Rest In Peace. If you are still unable to Rest In Peace, proceed to Step 2.

Step 2: Remove “Tomb Stone” from kit. Rub back and forth between wet slimy hands while smiling slyly and laughing wickedly in this manner... “BWAHAHAHA”. If more slime is produced, it’s working. Rub the slime over your entire body. This means the decaying process has begun. Then place the tomb stone at the head of the tub. Then, Rest In Peace. If you are still unable to Rest In Peace, proceed to Step 3.

Step 3: Remove “Toxic Treat” from kit. This Toxic Treat is guaranteed to make you Rest In Peace if all else fails. Made from the most toxic substances know to man—including ingredients from a man. Before partaking, be sure to close eyes and savor this bite as if it’s your last!!!! NOW, YOU MAY REST IN PEACE!
