OWL Pillow Tutorial

This Owl Halloween Pillow was made by my daughter Eliana (she's only 7) and me. She cut out the paper pattern, as well as the eyes, and nose of the owl. She also sewed the "OPEN SQUARE" stitch around the eyes all by herself. I did all the major sewing on the sewing machine (which only took me about 10 minutes or so). This is an easy project that could be completed in its entirety between mother and daughter in a couple hours or less. Enjoy making this FREE Owl Pillow Pattern and tutorial this Halloween!
